**Reference: 60 Day Notice to Industry
Review of Landside & Storage Tariff for Hutchison Ports Sydney (HPS) /
Sydney International Container Terminal Limited (SICTL)**

In accordance with the National Voluntary Guidelines for Landside Stevedore Charges Hutchison Ports Sydney give notice of intention to increase our Landside & Storage Tariffs

HPS has been affected over the past 10 months by some large increases in cost to our business. These include substantial increases in land taxes and council rates together with site maintenance and servicing. This tariff review is only seeking partial recovery of these costs.

Committed to improving service levels HPS in 2025 have increased our Reefer storage capacity in the terminal and have 2 new Quay cranes due for commissioning mid 2026.

Hutchison Ports continue to remain loyal to our commitment to providing relief to the Australian exporters and this continues to be reflected with the lower Infrastructure charges for export containers.

Going forward, in line with recommendations from the National Transport Commission, HPS (SICTL) will accommodate the request from industry to implement landside price changes once annually Effective 1 January each year.

The below table sets out the current rate for all applicable tariff items and the new proposed rate to be effective 20th April 2026.

Landside Services Tariffs	Current	20/04/26	Increase	%
Infrastructure Levy - Imports (Applies to all laden Containers)	\$213.57	\$233.36	\$19.79	9.27%
